## PROJECTS

### ALPHA MALL

I'm delighted to announce that the front-end development of our website, which started as a simple Figma design, is finished. Using Visual Studio Code, I turned our design into a functioning front-end interface.It includes many shops inside the website.

### JAGUAR FITNESS STUDIO

I am started as a simple Figma design, is finished. Using Visual Studio Code, I turned our design into a functioning front-end interface.

### INTERACTIVE SOLAR SYSYEM

I'm also pleased to say that I have designed a complete website implementing our solar system. The source code to this site was developed in Visual studio code and is intended for children and students who are looking to understand how it works, making a good teaching tool.
